

Wellsville Secondary School Supply Information - 2020-2021

Hi everyone. This is a unique year and we want to limit the number of supplies brought to school. **Students will not be using lockers for the foreseeable future, so the less you bring the better.** Your academic classes will shift further this year on storing your work digitally on your iPads. Below are the only supplies you need to purchase, bring to school, and can have on you at all times.

- Students are required to wear **Face Masks/Face Coverings** at certain points of the school day. Please have at least 2 Face Masks/Coverings on hand so one can be cleaned at home each evening. Face Shields may be worn in addition to the cloth **Face Masks/Face Coverings**.

- **Cinch Sacks or Drawstring Sport packs** will be allowed to be carried during the school day. **Backpacks or large duffel bags will not be allowed.**

- Hand washing is strongly emphasized, but we also will require students to bring a **small** bottle of hand sanitizer for personal use every day. Refilling stations will be available around the building for free refills, as needed throughout the year.

- Due to the virus, public drinking fountains are not safe options. Our sunchool has replaced all water fountains with touchless water refilling stations for student use. Students are encouraged to bring and carry their own **WATER BOTTLES** and fill them at our touchless water filling stations.

- Physical Education classes will look a little different this year. Students will not be changing into activity clothes this year. We also will not be using locker rooms for PE classes. We are asking students to wear comfortable clothing on PE days and to bring or wear a pair of sneakers for PE class.

PROVIDED SUPPLIES:

Below, is a list of supplies that the school will provide to students. PLEASE DO NOT purchase these items and bring them to school.

- Notebooks
- Loose-leaf paper
- Pens and Pencils
- Highlighters
- Folders

Thank you and we look forward to an amazing school year!
