General Information

Welcome to the Wellsville Elementary School. This handbook is not only a source of information for you and your child, but also a tool for your child to plan his/her day at school. It includes important information about various school policies and procedures, as well as general information, which may be of interest to you.

The Wellsville Elementary School is organized to provide a safe secure environment for your child where s/he can explore and grow. If you have any questions about the programs and/or organizations of the school, please call. We encourage you to visit and become a part of the school community.

Parent Teacher Association (PTA)

The PTA meets monthly to plan and initiate many opportunities for the children in the school. Large projects include activities such as school pictures, The Scholastic Book Fairs and Chicken BBQ. They are always available to assist in major school activities such as the Author Visit Ice Cream Social, Kindergarten registration and Teacher Appreciation Week. In addition they host many fund raisers to support school wide initiatives. Meeting are usually held in the elementary library at 6pm on the 4th Tuesday.

Arrival, Dismissal & Tardiness

Student supervision starts at 8:45am for breakfast and drop-off. School begins each day at 9 a.m. and ends at 3:08. For safety reasons, students are only allowed to enter the building using the main and back parking lot doors unless accompanied by a staff member. Students are considered tardy if they are not in their classrooms by 9:02am. A written excuse must accompany your child if he/she is late to school. Parent pick-up for students at the end of the school day occurs in the primary gym.

Students are expected to attend school except in cases of emergency, illness, or school-approved absences. If your child is late or absent, please follow this procedure. For the safety and welfare of all students, **strict adherence** to this procedure will be followed.

1. When students are absent from school, it is our procedure to call home on a daily basis to ensure the safety and welfare of all students. If you know your child is going to be absent, please call 596-2105.
2. Anytime a student is tardy or absent, a written excuse is required when returning to school. Please send this excuse in with your child the **first** day back.
3. A doctor's statement will be required for an extended illness of five days or more.
4. If your child cannot go out for recess, he/she must bring a signed note from the doctor stating the reason for being excused.
5. Frequent or extended absences from recess or P.E. will require a doctor's statement.
6. When a student is absent from school, he/she is expected to make up the work that was missed.
7. If a student arrives at school after 9:02 a.m. he/she is considered tardy. When that happens the student is to report to the Attendance Office for a

late pass. Please remember, a written excuse needs to accompany your child if he/she is late for school.

8. If a student is excused from school during the school day a written excuse needs to be sent with the student when he/she comes to school. The excuse is then brought to the attendance office and his/her absence is recorded on the attendance bulletin. At the time the student is to be picked up, he/she will be met in the Attendance Office. Parents **are not** to go directly to the classroom to pick up a child or meet them outside of the school building.
 9. An excused or legal absence is one in which a student is absent with the parent's permission and knowledge for the following types of reasons: illness, school activities, court appearance, funeral and family emergency. An illegal absence is considered when a student is truant, on vacation, or kept home to care for a sibling
- * If you would like a full copy of the district's attendance policy, please call the main office.**

Missed School Work Due to Absence

When a child is absent due to an illness or other excused absence, missed school work may be provided at the end of the missed day. At the beginning of the day, parents may call and leave a request for work. If a child misses two or more days due to an excused absence, missed schoolwork will be available for pick up in the office after 3:00 PM on the second day of absence.

Registering New Students

When new students enter Wellsville Elementary School, the **Screening Profile for New Entrants** will be followed to ensure an easy transition into our school. This procedure is started when the parent/guardian completes the registration form that is obtained and returned in the District Office. A meeting is then held with the principal or his/her designee. The next step is for the Counselor or his/her designee to give the student and parent/guardian a tour of the building. At that time, the student's teacher and classmates will be introduced and preparations made for the student to start school on the following day. For your child to enter school, an original **birth certificate** with parent's names, **proof of residency, copy of photo ID and proof of immunization** is required and must be presented when your child is registered. Children entering from out of state are allowed to register, but proof of immunization and a birth certificate must be presented within thirty (30) days. Improperly immunized children will not be allowed to remain in school.

Please let the office know by note or phone call if there is a change in contact information. It is important that we have the most up to date information in the event of an emergency.

School Visitation

In order to provide a safe environment for all students and staff at Wellsville Elementary School, we ask cooperation from everyone on the following procedures during the hours of 8:00 a.m. and 3:30 p.m.

1. All parents, visitors and volunteers are to report to the Main Office and sign in. At that time, a pass will be given for the duration of the visit. Before leaving, the visitor/volunteer is to return to the Main Office and please sign out.
2. We encourage parents to come to school and eat lunch with their children. When doing this, please stop at the Main Office and get a pass. Please sign out at the Main Office upon your departure. **It is very helpful, whenever possible, to notify the classroom teacher of your plan to eat lunch in the school.** This way, a lunch can be ordered for you ahead of time.

Parking

Throughout the campus, "No Parking" signs are posted that restrict parking in certain areas during school hours. If a vehicle is parked in a restricted area, a complaint will be lodged with the Police Department and a parking ticket will be issued.

The parking lot and driveway in front of the school are OFF LIMITS to all vehicles except buses during the following hours: 8:45-9:15 a.m. and 3:00-3:30

p.m. When buses are lined-up during these times, vehicles cannot enter or exit the parking lot until the buses are gone. Failure to comply with this request could result in a fine for passing a stopped school bus. The posted speed limit during school hours is 5 MPH, and is strictly enforced. **All student drop off & pick up occurs through the gym doors on the back parking lot.**

Bicycles/Scooters

Students may ride bicycles/scooters to school. However, the school will not accept responsibility for the safety of either. Locks are recommended. Upon arrival students should dismount their bikes/scooters and walk them to the bike rack at the end of the building by the playground.

Bicycles/scooters are to remain there for the duration of the day. As per NYS law all children under the age of 13 must wear a bike helmet. Under no circumstances are **skateboards and motorized bikes** allowed on school property. This rule will be strictly enforced and if not adhered to, skateboards and motorized bikes will be turned over to the police department.

Emergency Drills

The safety of your child is our greatest concern. The school conducts regular drills to teach students how to respond calmly in the event of an emergency. During the year your child will participate in Fire Drills, Lock Down Drills, Sheltering Drills and Bus Drills. When these take place in school, please review with your child what he/she learned and what needs to be done so your child will be safe.

Emergency Closing Information

All school closings and delayed opening information will be broadcast over local radio stations, WLSV, WJQZ, WPIG, WZKZ, and WKPQ, also, check channels 2, 4 & 7 on your T.V. Lunch periods will be held in all buildings during a delay day. Students scheduled to attend Special Education classes in any building in Wellsville will be contacted to set up a drop-off time.

Lost and Found

Clothing and personal belongings that are brought to school should be labeled with the child's name. Found articles are turned in to the school's **Lost and Found Box** in the Nurse's Office. Unlabeled or unclaimed property is turned over to one of the needy organizations at the end of the school year.

Special Area Classes

Art

All students in grades Pre-K through five participate in regularly scheduled art classes. Within these classes, students learn how art can be an integral part of life and how it has been a critical means of expression since prehistoric days. Even though the art room has a supply of protective art shirts, it is recommended that students not wear their best clothing on art days.

Music

All students in grades Pre-K through 5 have music classes. During this time, students are exposed to music elements that will provide the beginning elements of music appreciation. In these classes, emphasis is placed on music appreciation, and music movement.

Besides regular music classes, students in grades four and five have the opportunity to participate in band, orchestra and choir. All students are encouraged to participate in these organizations.

Library Media Center

Our school library media center is a source of pride and is a vital part of our instructional program. Through regularly scheduled class time and open library time, students are encouraged to explore the many books, research materials, audio-visual materials, and computers/software that our library media center contains.

In order to maintain an adequate collection, pupils, teachers, and parents must cooperate to see that materials are returned in good condition. If materials are not returned, a charge equal to the current replacement price is assessed.

Physical Education/ Adaptive Physical Education

Elementary students have physical education class. Each child in grades PK-5 should be prepared by wearing sneakers and comfortable clothing (pants, shorts) that would be appropriate for physical activity. Grades 2-5 will also participate in a swimming unit. They will be required to have a swimsuit and towel in physical education for this unit.

If a child must miss more than 1 Physical Education class consecutively a doctor's excuse is required.

ADDITIONAL PROGRAMS

Counseling Services

Counseling is designed to help all children as they grow and develop. All students, teachers, and parents have access to counseling services at school. Parents may call the counselor to schedule an appointment. Sessions focus on normal developmental concerns of children in elementary school. The following are frequent concerns: forming and maintaining friendships, school work habits, family concerns, getting along with brothers and sisters, and improving behavior at school and home.

In addition to individual sessions with children, parents, and teachers the counselor conducts groups for children, which focus on a particular concern.

The counselor may also conduct classroom guidance for children. Topics may include social skills, bullying, friendship making skills and feelings. Classrooms may also receive character education lessons about P.R.I.D.E.

Academic Intervention Services

Academic Intervention Services are available to children throughout the elementary school as follows:

- *Mathematics

A plan for academic intervention services that includes criteria for admission and discontinuation of these services for any child can be obtained at the elementary school office.

Classroom Information

Telephone

Teachers have telephones in their classrooms. Unless there is an emergency, the office will not transfer phone calls directly to classrooms during teaching times. Callers can be transferred to a teacher's voicemail or the office can take a message

Students will only be allowed to use the telephone to call parents when the call is of an emergency nature. Pupils are not permitted to use phones without permission of a staff member. Student cell phone use is not allowed during school hours.

Homework Procedure

The educational philosophy of the Wellsville Central Schools states, "...the first obligation is to teach the fundamentals of reading, writing, speaking, and mathematics and their application in all subject areas." These fundamentals often need to be reinforced with additional practice, which students will complete outside the classroom. Homework, the extension of class work, may be expected when it relates directly to the mastery of the subject. Homework is a vital part of the learning process. Students must assume responsibility for their class work. Each teacher will explain his/her individual homework policy at Meet Your Teacher Night. To help students be successful with homework, parents can enhance a learning environment in the home by:

- showing a positive attitude toward education
- taking an interest in your child's school/homework
- establishing good study habits
- providing a physical environment that enhances good work habits

Engage in Misconduct While on a School Bus

It is crucial for students to behave appropriately while riding on District buses to ensure their safety and that of other passengers and to avoid distracting the bus driver. Students are required to conduct themselves on the bus in a manner consistent with established standards for classroom behavior. Excessive noise, pushing, shoving, fighting, harassment, and discrimination will not be tolerated.

***Electronic Device / Cell Phone Policy**

Students are prohibited from using or having on or in an operational mode any paging device, mobile telephone, cellular telephone, laser pointer or pen or any other type of telecommunications or imaging device during the school day, except as expressly permitted in connection with authorized use in classrooms. They are prohibited from using them in any manner which invades the privacy of students, employees, volunteers or visitors. Students are not permitted to use any form of information technology, including their own personal electronic devices, to intimidate, harass or threaten others. This type of harassment is generally referred to as cyberbullying. If a student violates this prohibition, then he/she is subject to discipline under this provision and/or any other provision in the District *Code of Conduct* that may be applicable to the circumstances involved. In addition, use of such devices, without permission from school staff, will result in a warning, and confiscation of the device, for the first offense. Subsequent reports will require a parent/guardian to retrieve the device from the principal's office. Unauthorized use of such devices disrupts the instructional program, and distracts from the learning environment. The school will not be responsible for any lost or stolen Electronic Devices. If a student brings a cell phone to school it is to be turned off and placed in their locker (not carried in their pocket) during the school day.

Part IV: Reporting Violations

All students are expected to promptly report violations of the Code of Conduct to a teacher, guidance counselor, the building principal, or any other appropriate school personnel. Any student observing a student possessing a weapon, alcohol, or illegal substance on school property or at a school function shall report this information immediately to a teacher, building principal, the principal's designee, or the superintendent.

District staff authorized to impose disciplinary sanctions are expected to do so in a prompt, fair, and lawful manner. District staff who are not authorized to impose disciplinary sanctions are expected to promptly report violations of the Code of Conduct to their supervisor who shall in turn impose an appropriate disciplinary action.

The building principal or designee must notify the appropriate local law enforcement agency of those code violations that constitute a crime and substantially affect the order or security of a school.

If you have knowledge that someone might bring harm to another person or is in possession of something dangerous you must report this information to the office immediately.

Part V: Disciplinary Procedures and Referrals

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that students view as fair and impartial. School personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline. Disciplinary action, when necessary, will be firm, fair and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

1. The student's age
2. The nature of the offense and the circumstances which led to the offense
3. The student's prior disciplinary record
4. The effectiveness of other forms of discipline
5. Information from parents, teachers and/or others, as appropriate
6. Other extenuating circumstances

As a general rule, discipline will be progressive. This means that a student's first violation will usually merit a lighter penalty than subsequent violations. If the conduct of a student is related to a disability or suspected disability, the district and state policies and procedures will be followed.

Consequences

Students who are found to have violated the district's code of conduct may be subject to the following penalties, ***either alone or in combination**. The school personnel identified after each penalty are authorized to impose the penalty, consistent with the student's rights to due process.

- Verbal warning: any member of the district staff
- Written warning: bus drivers, hall and lunch monitors, coaches, counselors, teachers, administrators, superintendent
- Verbal/Written notification to parent: bus drivers, hall and lunch monitors, coaches, counselors, teachers, administrators, superintendent
- Time Out
- Lunch detention
- Removal from class by teacher: teacher, administrators
- Scheduling of conferences with the parents/guardians, student, and needed personnel
- Restitution or community service
- Suspension from transportation: director of transportation, administrators, superintendent
- Suspension from social, athletic, or extracurricular activities: activity advisor, administrators, superintendent
- Short term removal from school (five days or less): principal, superintendent, Board of Education
- Long-term suspension from school (five days or more): principal, superintendent, Board of Education
- Referral to law enforcement: principal, superintendent, Board of Education
- Permanent suspension from school: superintendent, Board of Education

*Decisions will be made on an individual basis to determine which one/combination of consequences will be implemented.

Procedures

The amount of due process a student is entitled to receive before a penalty is imposed depends on the severity of the infraction. In all cases, regardless of the penalty, the school personnel authorized to impose the penalty must inform the student of the alleged misconduct and must investigate, to the extent necessary, the facts surrounding the misconduct. All students will have an opportunity to present their version of the facts to the school personnel imposing the disciplinary penalty in connection with the imposition of the penalty.

Students who are to be given penalties other than an oral warning, written warning or written notification to their parents are entitled to additional rights before the penalty is imposed. These additional rights are explained below:

- Teacher disciplinary removal of a disruptive student: A student's behavior can affect a teacher's ability to teach and can make it difficult for other students in the classroom to learn. In most instances the classroom teacher can control a student's behavior and maintain or restore control over the classroom by using good classroom management techniques. These techniques may include practices that involve the teacher directing a student briefly leave the classroom in order to give the student an opportunity to regain his/her composure and self-control in an alternative setting. Such practices may include, but are not limited to:
 1. Contacting a parent/guardian to discuss the concern
 2. Sending a student to another location supervised (time out)
 3. Sending a student to the principal's office for the remainder of the class time only
 4. Sending a student to a guidance counselor or other district staff member for counseling
- Suspension from transportation: If a student does not conduct himself/herself properly on a bus, the bus driver is expected to bring such misconduct to the building principal's attention. Students who become a serious disciplinary problem may have their riding privileges suspended by the principal or superintendent or their designees. In such cases, the student's parent will become responsible for seeing that his/her child gets to and from school safely. Should the suspension from transportation amount to a suspension from attendance, the district will make appropriate arrangements to provide for the student's education. A student subjected to a suspension from transportation is not entitled to a full hearing pursuant to Education Law 3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the building principal or the principal's designee to discuss the conduct and penalty involved.
- Suspension from athletics, extracurricular activities, and other privileges: Participation in school sports or activities is a privilege and if warranted may result in loss of eligibility. A student subjected to a suspension from athletic participation, extracurricular activities, or other privileges is not entitled to a full hearing pursuant to Education Law 3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district official imposing the suspension to discuss the conduct and the penalty involved.

- Suspension from school: Suspension from school is a severe penalty, which may be imposed only upon students who are insubordinate, disorderly, violent, disruptive, or whose conduct otherwise endangers the safety, morals, health, or welfare of others. The Board of Education retains its authority to suspend students, but places primary responsibility for the suspension of students with the superintendent and the building principals. Any staff member may recommend to the superintendent or the principal that a student be suspended. All staff members must immediately report and refer a violent student to the principal or the superintendent for a violation of the Code of Conduct. All recommendations and referrals shall be made in writing unless the conditions underlying the recommendation or referrals warrant immediate attention. In such cases, a written report is to be prepared as soon as possible by the staff member recommending the suspension. The superintendent or principal/assistant principal, upon receiving recommendation or referral for suspension, or when processing a case for suspension, shall gather the facts relevant to the matter and record them for subsequent presentation.
1. **Short-term (5 days or less) suspension from school:** When the superintendent or principal (referred to as the "suspending authority") proposes to suspend a student with misconduct for five days or less pursuant to Education Law 3214(3), the suspending authority must immediately notify the student verbally. If the student denies the misconduct, the suspending authority must provide an explanation of the basis for the proposed suspension. The suspending authority must also notify the student's parents in writing that the student may be suspended from school. The written notice must be sent within 24 hours of the decision to propose suspension to the last known address for the parents. When possible, notice should also be provided by telephone if the school has been provided with a telephone number for the purpose of contacting the parents.
 2. **Long-term (more than 5 days) suspension from school:** When the offense determines that a suspension of more than five days may be warranted, the superintendent must provide reasonable notice to the student and the student's parents of their right to a fair hearing (Superintendent's Hearing – Education Law 3214). This determination hearing is to be held within five school days.

2018-19 School Year New York State Immunization Requirements for School Entrance/Attendance¹

NOTES:

Children in a prekindergarten setting should be age-appropriately immunized. The number of doses depends on the schedule recommended by the Advisory Committee on Immunization Practices (ACIP). For grades pre-k through 10, intervals between doses of vaccine should be in accordance with the ACIP-recommended immunization schedule for persons 0 through 18 years of age. (Exception: intervals between doses of polio vaccine DO NOT need to be reviewed for grades 5, 11 and 12.) Doses received before the minimum age or intervals are not valid and do not count toward the number of doses listed below. Intervals between doses of vaccine DO NOT need to be reviewed for grades 11 and 12. See footnotes for specific information for **each** vaccine. Children who are enrolling in grade-less classes should meet the immunization requirements of the grades for which they are age equivalent.

Dose requirements MUST be read with the footnotes of this schedule.

Access granted via a Wellsville CSD monitored network account service. Access can be used on a Wellsville CSD desktop computer, laptop computer and tablet (iPad) or student owned devices (once logged in to network).

Office 365 Email

Office 365 Email is a filtered and monitored web based email system tied directly to students' network login account. This email system allows students in Grades K-12 to communicate and collaborate with their teachers, along with their peers. Additionally, students in grades 11 and 12 can communicate outside the system for research related to college and work force purposes.

Office 365 ProPlus - Student Advantage Account

Office 365 ProPlus is an online software program that provides students with access to Microsoft Office Applications for educational use. The full version of Microsoft Office on the PC and Mac are available for offline. The web-based application is available using an Internet connected PC, Mac or tablet/mobile device. The Office for iPad version will be available for each student on their assigned iPad. Access to Office 365 Pro Plus is directly tied to the students' school monitored network account.

Office 365 ProPlus is offered to students at no additional charge because the school district pays for faculty and staff licenses through the Microsoft EES program.

Office ProPlus includes:

- Office 365 ProPlus for PC (Office 2013 base applications)
- Office 365 ProPlus for Mac (Office 2011 for Mac base applications)
- Office for iPad

As part of the ProPlus-Student Advantage program, each student receives a license that allows him/her to install and run Microsoft Office on up to 5 machines: a combination of personal/home PC or Mac, mobile devices and tablets.

Apple iTunes Account

Directly tied to School owned iPads

iTunes accounts are directly tied to school owned iPads and allow the following:

- Automated installation of free apps using district monitored mobile-device-manager
- Automated installation of purchased apps using district monitored mobile-device-manager
- Cloud storage and backup of tablet

Students under the age of 13 do not have direct access to their school assigned iTunes account.

YouTube.com

Starting in the 2015-2016 school year YouTube will be available to students. Digital resources like YouTube provide our teachers and students a valuable academic video library. Wellsville CSD will implement every measure available to provide safe access to this powerful learning resource.

Learning Management System

A Learning Management System uses web-based classroom systems developed for K-12 school districts. Designed with built-in safety features, the service provides a monitored and secure means of providing collaborative tools, along with student/teacher collaboration in classrooms.

Library based eBooks

These books will be available for students to check out on their iPads via two apps:

- Follett BryteWave K-12 – Access to Wellsville CSD eBooks (Electronic Books) through Destiny
- OverDrive Media Console – Access to eText (Electronic Books) purchased by Wellsville and other library systems within the CA BOCES consortium that OverDrive is connected to.

What is Possible?

Access to the Internet will enable students to explore thousands of libraries, databases, museums, and other repositories of information. Families should be aware that some material accessible via the Internet might contain items that are illegal, defamatory, inaccurate, or potentially offensive. The purpose of filtered Internet access, while at school and at home via school owned devices, is to use the Internet resources for constructive educational goals. There is not "a filter system" capable

of blocking 100% of education inappropriate information on the Internet. Students may find ways to access these materials. We believe that the benefits to students from access to the Internet in the form of information resources and opportunities for collaboration exceed the disadvantages. To reinforce this policy and to extend the partnership of school-to-home, parents and guardians of minors are encouraged to set and convey the standards that their children should follow when using technology at home and at school.

What is Expected?

Just as they are in a classroom or hallways, students are responsible for appropriate behavior on the school's computer network via computers, tablets or student owned devices. Communications on the network are often public in nature. General school rules for behavior and communication apply. It is expected that users will comply with district standards and the specific rules set forth below. The use of the network is a privilege, not a right, and misuse will result in disciplinary actions as indicated in each building's Student Code of Conduct. The student is personally responsible for his/her actions in accessing and utilizing the school's network resources. The students are advised never to access, keep, or send anything they would not want their parents or teachers to see.

While utilizing school technology (computers/tablets/peripherals), students are responsible for appropriate behavior in handling and use of said technology.

What are the Rules?

Privacy

Student data files and other electronic storage areas will be treated like school lockers and as such, these areas shall be considered to be School District property subject to control and inspection. Administration may access all such files and communications without prior notice to ensure student safety, system integrity and that users are complying with this policy.

Storage capacity

Users are expected to delete unwanted material to free-up storage space.

Illegal copying

Students may not download or install any commercial software, shareware, freeware, music, movies or TV shows onto the network drives, cloud storage, computers or tablets unless they have written permission from the Network Administrator. Students may not copy other people's work or intrude into other people's files.

Inappropriate materials and language

No profane, abusive, impolite or offensive language may be used, nor may materials be accessed or created which are not in line with the rules of school behavior. Should students encounter such material by accident, they should report it to their teacher immediately.

Inappropriate internet activity

Daily and weekly reports are run to monitor internet searches and visited content. If a student is found to have been purposely searching or viewing education inappropriate materials, disciplinary actions will be taken. A copy of the report will also be sent home to parents/guardians.

The following activities are not permitted on the Wellsville Central Schools' networks

- Accessing, sending, displaying offensive or pornographic messages or pictures
- Using inappropriate or obscene language
- Damaging computers/tablets, computer systems or computer networks
- Plagiarizing or violating copyright laws

- Use of an account by anyone other than the account holder and/or misrepresenting their identity
- Trespassing in another's folders, work or files
- Intentionally wasting limited resources – disk space, printer supplies, paper, etc....
