

Wellsville Secondary School
Lions together...just apart for a while!

April 2, 2020

Dear Secondary School Families,

WE MISS YOU!! And, we look forward to being together again at WSS. While navigating the times, and the extended school closure to April 15, 2020, we hope you are all healthy and staying safe.

As you know, in response to the pandemic, the Governor issued an extension of his order to closing school buildings until April 15. Because of the ongoing closure, and the possibility of it being extended further, it is essential that learning continue and we all stay connected.

After reviewing the enclosed information, please take a few minutes to talk together as a family and consider, how engaged is your child with learning, school and his or her teachers, and what can we (as a school) do to help. While kids are typically shielded or protected from national crisis or challenge, in this case the pandemic has a direct impact on their day to day lives. They will remember for their lifetimes how we respond together to the times.

We are hoping this update, and the enclosed information will be helpful as we move into the 4th quarter. Students and teachers will be advancing in their curriculum in preparation for finishing the year strong. It looks different, but by working together, learning will continue.

Enclosed, please find a brief bulleted summary of our School's first steps in response to the closure, information on remote instruction, and a plan moving forward. Also enclosed you will find an FAQ on matters such as grading, Regents exams, graduation, and more.

If you have any questions, please feel free to contact us.

All the best,

Mary Ellen O'Connell
Principal
moconnell@wlsv.org

Jason Mank
Sr. Assistant Principal
jmank@wlsv.org
