## BIG 30 ACADEMIC TEAM

The Principal's Association, comprised of both New York and Pennsylvania schools that lie in what is termed the "Big 30 Area" has formulated a selection process that will allow each school to nominate a student to be a participant on the "*Big 30 Academic Team.*"

We are proud to announce that Brooklyn Stisser has been chosen as the nominee for the Wellsville Secondary School for the 2021-2022 school year. The criteria for this award are based on academics, 90% (raw grades, courses studied and their difficulty, college entrance scores, and grade averages, on a scale of 100 being the best), and the other 10% is the student's involvement in and outside of school.

Brooklyn is a top academic student whose grades and college test scores are exemplary and who has received the highest accolades from her principal. Brooklyn is a positive contributor in school and in the community.

*Congrats  
Brooklyn!*

## Math & Movie Family Night

On Thursday, May 12, the Elementary School opened up it's doors for a special evening of fun and learning. More than 100 students and family members came to the gym for Math and Movement night. The event was a huge success.

To pull the event off, the school partnered with the Math and Movement company, who sent a representative to oversee the activities. They set up more than 30 interactive centers in the gym. Most centers were focused on math, but there were some that targeted reading skills. Every center had a physical movement component, making them highly interactive and engaging. Before the families arrived, the representative trained Wellsville staff members on the centers, so they could assist during the event.

As families arrived, the atmosphere in the gym began to buzz with excitement. Children of all ages were hopping, skipping, crawling and leaping through the centers. Parents were asking their children questions and talking about the activities. The room was filled with huge smiles and sweaty faces!

The evening ended with a sweet treat before the families left. Every person in attendance was provided with an ice cream bar at no cost. It was the perfect ending to an incredible event.

One of our ongoing goals as a school is to collaborate with families to support our students. This event was a wonderful step toward that goal. We look forward to more opportunities to engage with families in the 2022-2023 school year!
