## A Message from the President of the Board of Education & the Superintendent

*Dear Residents,*

We want to announce that the District will propose another year of 0% tax levy growth for the Wellsville Community. This is the tenth year that Wellsville has presented a budget with no levy growth or tax reduction. We propose this while providing an excellent academic program for our students. The budget for 2023-2024 continues the support for our schools by ensuring outstanding educators, staff, facilities, and programs for our students. The proposed budget allows us to remain a lynchpin for this community.

As shown by their academic achievement, our students have shined, like sending experiments into space from our Secondary and Elementary Schools and investing in STEAM (Science, Technology, Engineering, Arts, and Mathematics) education and facilities. We have created a new pathway for STEAM students to reach graduation prepared with the technical skills needed for 21st-century careers; we have an award-winning robotics program and offer premier athletic programs that have won Section V titles in swimming, tennis, cheerleading, and basketball this year and are still looking forward to a competitive spring with Baseball, Softball, and Track and Field. We offer twenty-five extracurricular clubs and activities with diverse tastes to keep our students socially engaged and community-minded. We offer students the opportunity to earn college credit while still in school with the opportunity to take up to twenty-two different college credit-bearing classes. This community provides over \$100,000 in scholarship awards to support our students starting on their various paths. All of these programs began or continue due to this community's support. Please show your support! Our annual budget vote will be held on Tuesday, May 16th, at the Riverside entrance of our Secondary School from 12 pm-9 pm. We hope to see you there.

*Alan Mosher, School Board President*

*David Foster, Superintendent*

### Boys State Delegate

The American Legion sponsors young men to attend a week of learning focused on responsible citizenship, leadership, and love of country. Candidates must be potential leaders, and display character, scholarship, loyalty, and service to their school and community. It is a unique summertime educational program for high school juniors that focuses on participation and personal experience in a model state, complete with government bodies and elected public officials.

In one week, these young men will come as strangers and leave as friends, confident of their roles and duties in a democratic society. Congratulations to Elijah Brophy and Benjamin Jordan on this honor.

## Medal and Scholarship Program Winner

For many years, Rensselaer Polytechnic Institute, in conjunction with high schools around the country, has awarded the Rensselaer Medal to high school juniors who have distinguished themselves in mathematics and science. The RPI Medal in Science and Math has been awarded to Benjamin Jordan, a member of the Class of 2024.

The Medal was first presented in 1916 with two purposes: to recognize the superlative academic achievement of young men and women and to motivate students toward careers in science, engineering, and technology.

This \$30,000 per year merit scholarship is guaranteed for four years for each medalist who applies, is accepted, and chooses to enroll at Rensselaer. Rensselaer will be hosting an open house for all medalists in the fall.

## Clarkson Leadership & Achievement Awards

Clarkson University would once again like to recognize two top juniors. The juniors selected for the Clarkson Leadership & Clarkson Achievement Awards will qualify for a \$60,000 (\$15,000 per year) or \$48,000 (\$12,000 per year) tuition scholarship, respectively, over four years should the students apply, be accepted, and choose to enroll at Clarkson University. To be eligible for the Clarkson Leadership Award or Clarkson Achievement Award the juniors must be recognized by students and faculty as having been a positive contributor to school and community, demonstrate leadership qualities, be enrolled in a college-bound program, and achieve an academic class rank in the top 15%.

Students in Mr. Warren's Speak Out/Act Out elective recently attended a performance of the touring Broadway show Beetlejuice at Shea's Performing Arts Center in Buffalo, NY. Students in Speak Out/Act Out, a semester English elective, learn public speaking and acting skills, and when the opportunity is available, they take a field trip to see a touring Broadway show. For some of the students, this was their first opportunity to see a professional production live on stage. Many students in the class are also involved in the fall play and spring musical at Wellsville.
