Superintendent’s Report

Capital Work Update – Mr. David Foster

Mr. David Foster made a proposal to address capital needs due to retiring debt, with the main focus on maintaining facilities. Mr. Foster stated the total estimated cost will be \$10-15 million, ranging over 1-5 years, and will have a zero percent tax levy increase. Mrs. Emily Peavey commented that they intend to hold the zero percent increase for taxpayers as long as possible, and that the zero percent increase includes the capital piece only. Mr. Foster is proposing to begin work on the capital needs project by forming a capital committee, which would assist in prioritizing the needs of the District.

LEAP Elementary Summer School Program – Mrs. Emily Peavey

Mrs. Emily Peavey reported on the LEAP Summer School Program. LEAP, which stands for Learn, Engage, Accelerate, and Play, was designed to assist students who were identified as having fallen behind academically. The program received Federal funding through ARP, which will be used over three summers. Students attended four days per week over four weeks, completing two weeks of coursework in the grade they were leaving and two weeks in the upcoming grade. An assessment was completed, but the District is still awaiting the results, which will be reported once received.
